**DIGITAL
HEALTH
LEADERSHIP**

2
**PATIENT
ENGAGEMENT**

National progress toward putting tools in the hands of patients and consumers is too slow. Discuss how we can speed things up; to help define the current state of the art; and to explore the boundaries of the possible.

Email chief@coachorg.com to join.

This group will explore how to move beyond capture and focus on actionable data. How do we put data to use via analytics, cognitive computing and artificial intelligence?

Email chief@coachorg.com to join.
